Portfolio: <https://ali-hamza-awan.vercel.app> – **Location:** Faisalabad, Pakistan

LinkedIn: <https://www.linkedin.com/in/alihamzaawan/>

PROFESSIONAL SUMMARY:

Full Stack Developer with hands-on experience in the **MERN Stack**, **Next.js** and **Shopify App Development** skilled in building scalable web apps and seamless user experiences. Experienced in frontend and backend development, API integration, and responsive design. Passionate about writing clean, maintainable code and solving real-world problems through technology.

AREAS OF EXPERTISE (SKILLS):

- | | |
|---------------------|------------------------|
| ✓ React JS | ✓ Node JS / Express JS |
| ✓ Next JS | ✓ MongoDB |
| ✓ JavaScript | ✓ PostgreSQL |
| ✓ Tailwind CSS, MUI | ✓ HTML, CSS |
| ✓ Framer Motion | ✓ REST API, GraphQL |
| ✓ Github | ✓ React Router |
| ✓ Prisma | ✓ C++ |

PROFESSIONAL EXPERIENCE:

Kineteck – Full Time

MERN Stack Developer | Shopify App Developer | Nov 2025 – Present

- Developed custom Shopify apps using React Router/Remix, React.js, Node.js, Express.js and latest Shopify Tools.
- Integrated Shopify APIs (GraphQL) for store data and app features.
- Worked with Prisma and PostgreSQL for backend data management.
- Wrote clean, reusable, and maintainable code.

Three Arrows - Internship

Full Stack Web Developer | July 2025 – Oct 2025

- Built responsive web applications with MERN & Next.js
- Developed REST APIs using Node.js and Express.js.
- Wrote clean, and maintainable code.
- Created reusable UI components for faster dev cycles.

RELEVANT PROJECTS:

TrustDash : AI Badges & Summary

Technologies: React.js, Shopify Polaris, Shopify App Bridge, Shopify Admin API, Shopify

Theme App Extensions, Node.js, Express.js, GraphQL, PostgreSQL, Nodemailer, OpenAI API.

- Developed **TrustDash** a project by **Kineteck Solutions**, an AI-powered Shopify application Developed at **Kineteck Solutions** in collaboration with my team.
- Built features that analyze customer reviews, generate AI-driven product summaries, and create widgets such as **AI Summaries, Pros & Cons, Trust Badges, and Sales Popups**.
- Contributed to a live **Shopify App Store** product that helps merchants increase trust, improve conversions, and drive revenue growth through social proof.

Smart Stock AI – AI based Inventory Management System

Technologies: React.js, Tailwind CSS, MUI, Framer Motion, Node.js, Express.js, MongoDB, Bcrypt, JWT, Nodemailer, Gemini AI & Tavily API.

- Developed **SmartStockAI** as our **Final Year Project (FYP)**, an AI-powered inventory management system built with the **MERN Stack** and integrated with Gemini AI & Tavily.
- Combines real-time market intelligence with inventory analytics to help businesses make smarter inventory and investment decisions.
- Features AI-powered market insights, demand forecasting, automated purchase orders, and intelligent restocking recommendations.

PackDash : Secure Order Packing Verification

Technologies: React.js, Shopify Polaris, Shopify App Bridge, Shopify Admin API, Shopify Theme App Extensions, Node.js, Express.js, GraphQL, Prisma ORM, Google Drive API, Resend API, JWT.

- Developed **PackDash**, a **custom Shopify app** at **Kineteck Solutions**, delivering a secure order packing verification solution for merchants.
- Built an end-to-end packing workflow using Shopify APIs, Google Drive, video recording, and order synchronization.
- Implemented JWT authentication, OTP verification, and secure video sharing to enhance customer trust and reduce disputes.

EDUCATION:

BS (Hons.) in Computer Science

CGPA : 3.4 / 4.0

2022 - 2026 | GC University Faisalabad

Intermediate (FSC – Pre-engineering)

Grade : A

2019 - 2021 | Bise Faisalabad

CERTIFICATION:

Mar 2025 | Edify College of IT Faisalabad

Full Stack Web Development

Oct 2021 | Heaven Computer College

Microsoft Office
